NOURISHING OUR SOULS: HOW CHURCH HELPS US LIVE OUT OUR SALVATION

By Esther Gloria Nabukenya and Tracy Nanyonga

Many people think of church as the building they go to on Sunday to worship God. But from scripture the church is described as a body with the believers being the body parts. (1 Corinthians 12:27). This body plays a vital role in helping each individual believer walk out their journey of salvation victoriously as God intended.

First of all, the Church helps us experience the joy, love and peace of Jesus among us as we fellowship. "For where two or three are gathered in my name, there I am among them" (Mathew 18:20). His presence casts out fear and sets us free to live as God's beloved children.

UPCOMING EVENT

EVANGELISM CRUSADE

Don't miss Pastor Tom Mugerwa together with other ministers of God from 2nd - 7th September 2024 at the Redeemed Life Church grounds.

We have to surround ourselves with people who lift us higher

Secondly, church helps us to edify ourselves by participating in various soul building activities such as discipleship classes, Bible studies, Mid week services, Friday overnights among others.

Through these, our souls are nourished with the word of God and prayer which in turn contribute to our spiritual growth.

The church also provides a space for us to be accountable and receive godly guidance as we navigate life's challenges.

"As iron sharpens iron, so one person sharpens another." (Proverbs 27:17).

We have to surround ourselves with people who lift us higher if we are to live lives of purpose.

Through church, we get mentors, faithful pastors and friends who using God's word help us understand and apply its truth to our lives.

Church also gives us opportunities to use our gifts to serve others through volunteering which in turn builds the kingdom of God..

The church also provides a space for us to discover the power and beauty of worship and praise. Psalms 100:4-5 encourages us to enter God's gates with thanksgiving and His courts with praise.

Through church we get the joy and privilege of expressing our gratitude to God weekly with fellow believers through song, dance, tithes and offerings among other ways.

In conclusion, the Church's teachings, community support and celebration services help us to grow in our understanding and launch us into deeper experiences of God's love.
